A 1928 Model A Ford in front of Bowen Island Public Library, owned by Dan C. of Bowen Island.

Brief History of Henry's Car

The Ford Model A (also colloquially called the A-Model Ford or the A, and A-bone among hot rodders and customizers) was the Ford Motor Company's second market success, replacing the venerable Model T which had been produced for 18 years. It was first produced on October 20, 1927, but not introduced until December 2. This new Model A (a previous model had used the name in 1903–04) was designated a 1928 model and was available in four standard colors. The vehicle was also sold in Europe, but was replaced by local built cars such as the Ford Model Y.

By February 4, 1929, one million Model As had been sold, and by July 24, two million. The range of body styles ran from the Tudor at US\$500 (in grey, green, or black) (\$10,534 in 2021 dollars) to the town car with a dual cowl at US\$1,200 (\$20,862 in 2021 dollars.) In March 1930, Model A sales hit three million, and there were nine body styles available.

Model A production ended in March 1932, after 4,858,644 had been made in all body styles. Its successor was the Model B, which featured an updated inline four-cylinder engine, as well as the Model 18, which introduced Ford's new flathead (sidevalve) V8 engine.

August Club Tour

On Saturday, August 21 we will have a local tour. We will meet at the Sears old parking lot at 10:00 am. Leaving shortly thereafter we will drive south by back roads to Carpinteria ending in lunch at IHOP on Casitas Pass Rd.

This should be a fun and easy tour viewing some of the beautiful parts of Santa Barbara and Carpinteria. The Ventura Model A club has been invited to join us. This will be fun to make new friends and see some different cars. If Henry's car is tired and staying at home, you are encouraged to join us in your modern.

The Narrowboat Summer

by Anne Youngson

If you are as tired of violence, terrorists, crude and vulgar language, the coming apocalypse, climate devastation, and tiresome people with nothing original to say, then I have a book for you! *The Narrowboat Summer* is a wonderful story of two women, Sally (who just left her husband) and Eve (who just lost her job) who meet while walking on a canal towpath in rural England. They hear an unearthly howling in a boat moored by the side of the canal, and they discover a dog inside. He's not hurt or sick, just tired of being alone. When they try to decide what to do about the dog, they meet the boat's owner, Anastasia, who ultimately talks them into taking her boat to a distant boatyard, while she goes into hospital for needed surgery.

The two women know nothing about narrowboats, canals, locks, and maritime maps, but they take on the job. They have adventures, meet extraordinary people, and manage somehow to get the boat to the boatyard. It's funny, poignant, empathetic, and thought-provoking.

The two pictures below are of narrowboats on the Lancaster canal in England that Bob and I saw on one of our vacations. We want to go on a narrowboat trip now!

Log Cabin Tour — February 2009

This was a fun tour back in 2009. This “Log Cabin” is located off Hwy 101 between Gaviota and Buellton. The owners were gracious enough to let us walk through the entire house. At the time this property was a showcase for their timber frame building business.

“My career was sputtering until I did a 360 and got headed in the right direction.”
