If anyone has anything to donate for our A meeting raffles please give to Randy or call (805-967-7045) and he will pick it up. Please put your name on the item.

Thank you, Randy

FYI...

It's time to press that refresh button and give our newsletter a new personality. The Mohair Flyer editor position will be available to another club member as of January 2019. Thanks to those who supported me these last thirteen years (thanks to another club's member whom I copied some of this from!). Jill 😊

Easy Biscuits

Prep 10 m Cook 25 m Ready In 35 m

Recipe By: Brenda

"This three-ingredient recipe gets biscuits on your table in a quick and easy manner for when you need biscuits now!"

Ingredients

2 1/4 cups self-rising flour 3/4 cup shortening 1 cup milk

Directions

1. Combine and mix ingredients together. Pour out on floured waxed paper. Pat the dough out with your hands until dough is not sticky (add a little flour if necessary). Fold double. Cut biscuits with a biscuit cutter.
2. Bake on a cookie sheet at 425 degrees F (220 degrees C) for 20-25 minutes.

Save Time by Working Smarter

Jim's Tech Tip
by Jim Cannon, MAFCA Technical Director

While My Oil Gently Drains

Every time you drain the engine oil to change it, while you are waiting for all the dripping to stop, may I suggest you add the following simple items to your oil change routine?

- Check the ignition point gap with a 0.020" feeler gauge. Adjust if required. Look at the points to make sure they still look good (not pitted or burnt).
- Wipe off the ignition cam with a rag. Now put a small dab of fresh cam grease on 2 of the lobes of the ignition cam.
- Put a drop or two of light oil in the little oiler on the side of the distributor. If you have the cam screw with the hole drilled in it, put a drop or two in there, too.
- Put a couple of drops of engine oil in each hole on top of the throttle assembly that is bolted to the back of the engine.
- Check the fan belt for tension.

That's it! In the time it takes for the oil to all drain out, you have taken care of several little routine maintenance items on you're "A" that will help keep it running well and avoid a problem on the road.

Have a Model A Day!

From the Feb. Road Runner-

Remember, the best way to get full enjoyment in the club is to get involved! From joining us at meetings & tours to volunteering for a position, or just volunteering for one specific activity, it all helps to get to know your fellow members & gain maximum enjoyment out of this wonderful community of Model A Ford enthusiasts!

Los Olivos Day in the Country Parade

We had a beautiful day when Lorne & Christine, Aaron & Robin and Truett & Jill headed out from Goleta to the parade. At our usual stop at Nojoqui Park we saw over two dozen wild turkeys & at least 4 deer. We met up with Bob Davis, Floyd, Bill M., Alan, Rene' & their kids Pete, Jennifer & her boyfriend Bobby in Los Olivos. I think a good time was had by all! ☺

"Is there a reverse switch on the drill?"

Let this magic mineral, **ASBESTOS,** protect the buildings on your farm!

JM

Asbestos! The magic mineral of the Middle Ages. Today, still a "magic" mineral; fireproof, rat-proof, and practically indestructible. When combined with portland cement it is manufactured into products which are especially important on the farm, because they provide permanent protection against fire, weather, and wear. Read this folder. Learn how to put this magic mineral to work on your farm.
