Tiny Tips

Tight Windows?

If you've ever had trouble raising and lowering your windows and never got motivated enough to take off the door panel, grab a coat hanger and straighten it out. Bend a hook in one end, lower the glass, insert the wire between the glass and the sill and hook the wire over the part that needs oiling. Take a can and squirt oil on the wire and it will flow down to the mechanism, lubricating the tight part.

YES, I'M A SENIOR CITIZEN

I'm the life of the party...even if it lasts until 8 p.m.
I'm very good at opening childproof caps...with a hammer.
I'm usually interested in going home before I get to where I am going.

I'm awake many hours before my body allows me to get up.
I'm smiling all the time because I can't hear a thing you're saying.
I'm very good at telling stories; over and over and over and over...
I'm aware that other people's grandchildren are not nearly as cute as mine.

I'm so cared for...long term care, eye care, private care, dental care.
I'm not really grouchy, I just don't like traffic, waiting, crowds, lawyers, loud music, un-ruly kids, Jenny Craig and Toyota commercials, barking dogs, politicians and a few oth-er things I can't seem to remember right now.

I'm sure everything I can't find is in a safe secure place, somewhere.
I'm wrinkled, saggy, lumpy, and that's just my left leg.

I'm having trouble remembering simple words like...
I'm beginning to realize that aging is not for wimps.
I'm sure they are making adults much younger these days, and when did they let kids become policemen?

I'm wondering, if you're only as old as you feel, how could I be alive at 150? And, how can my kids be older than I feel sometimes?
I'm a walking storeroom of facts...I've just lost the key to the storeroom door.

LET'S ENJOY EVERY DAY!!! (From Aug. Script News)

Lemon Coconut Impossible Pie

2 cups milk 1 cup flaked coconut 4 eggs 1 teaspoon vanilla
1/2 cup flour 8 tablespoons butter 3/4 cup sugar 1/2 lemon, zested & juiced

1. Mix all ingredients in a bowl using a spoon or hand whisk.
2. Pour into a greased and floured pie plate (about 8 – 9 inches size) and bake 350 F or 180 C or Gas 4 oven for 45 minutes. I place my pie in a baking tray in case of spills.
3. When done, the pie will be slightly wobbly in the center. Remove from the oven, allow to cool, then refrigerate overnight if possible.
4. Serve on its own or with a blob of vanilla ice cream!
